Kimo - Grade 6

Rio - Grade 6

Marco - Grade 6

Billiards

2nd Place Junior Competition

Jae Ho - Grade 3

Congratulations One and All!

Big thanks to all coaches, drivers and supporters!

Early Bird Discounts Snatched Up

We would like to thank all who took advantage of the 20% Early Bird Discount and paid fees for the entire school year. We are excited that we were able to pass along that savings to you, while helping the school pick up funds to prepare for next year. All primary and secondary discounts were used.

If you missed out on that though, don't forget that there is still a 10% discount for full fees paid before July 21.

Important Guest

You may have heard your child come home all a-twitter yesterday. Roxanne, a carpet python, has come to be a guest in grade 3. Roxanne is the 'child' of Miss Natalie and her husband and is about 2 meters long. Students have had the pleasure of meeting her face-to-face, so to speak, as they have pretended to be trees so she could climb on them.

Grade 3 students also had an important lesson regarding the food chain. Roxanne captured and consumed her prey, a white lab mouse. They closely observed how she stalked, struck and coiled around it, effectively stopping the breathing, and then relaxed her jaw so the mouse could move through her system.

Children felt sad for the mouse but quickly accepted the chain of life. What a wonderful opportunity to learn!

Max, Miss Natalie and Maria handle Roxanne

Maria enjoys playing with the lab mouse.

Charlie!

Our students have adopted a LARGE spider residing beside the early childhood play area. Charlie has been observed repairing his/her web, waiting for dinner to arrive and enjoying the sunshine. Do stop by to see Charlie for a spectacular experience with the world of nature.
